

Discount Drug Mart: Sync Your Meds Service - Patient Agreement

We are pleased to welcome you to our **Sync Your Meds** service, a synchronized prescription refill program designed to fill all of your medications on the same day each month.

Advantages of this service include:

- It's convenient - a single monthly trip to the pharmacy. All your medications on time and in one order.
- It's easy - we'll call you each month to discuss your medications, and we will attempt to request any necessary renewals from your doctor if your doctor allows for that.
- It's personalized - each month our pharmacy staff will review your list of medications with you and answer any questions you may have.
- It's free - this service is available for all Discount Drug Mart patients at no charge.

I understand the many advantages of this service and agree to the following conditions of participation so that I may achieve the maximum benefits:

- To speak to pharmacy staff once a month prior to my assigned refill date to discuss my prescription refills.
- To pick up medications on my assigned pickup date.
- To pay a co-pay for a partial prescription one time if necessary in order to make all refills due on the same day.
- To keep an open dialogue with my pharmacist regarding doctor's appointments, hospital/urgent care visits, and changes in my health status.
- To allow our pharmacy staff to discuss your medication profile as part of our **Sync Your Meds** program with your indicated caregiver(s). If applicable, please indicate the name(s) of your caregiver(s) on the appropriate line below.

I have read and understand this document and have had all questions answered.
